THE WORLD'S LARGEST IMMIGRATION SOFTWARE COMPANY

Immigration Compliance • I-9 Compliance • Mobility Solutions

- + **AUTOMATED, CUSTOMIZED AND DISTRIBUTED WORKFLOW PROCESS**
Automate and Customize the workflow processes of I-9 management in your company: distribute responsibilities to in-house and remote staff and consultants; obtain information directly from new hires/employees; and enable transparent access to prescribed aspects of your workflow process.
- + **INTEGRATION WITH HRMS SYSTEMS/INSZOOM/CUSTOM HR SYSTEMS**
Work within an I-9 solution that fully integrates with your HR management and payroll systems (e.g.: Oracle, PeopleSoft, SAP and others) and gain easy access to additional INSZoom editions. Manage all aspects of your E-Verify system through one software suite.
- + **INTEGRATION WITH DHS FOR DATA VERIFICATION**
I-9Zoom is fully integrated with the Department of Homeland Security (DHS) and is a federally-approved E-Verify Designated Agent registered with SSA and DHS. Our software easily verifies social security numbers, passport details and other relevant documents via the DHS system.

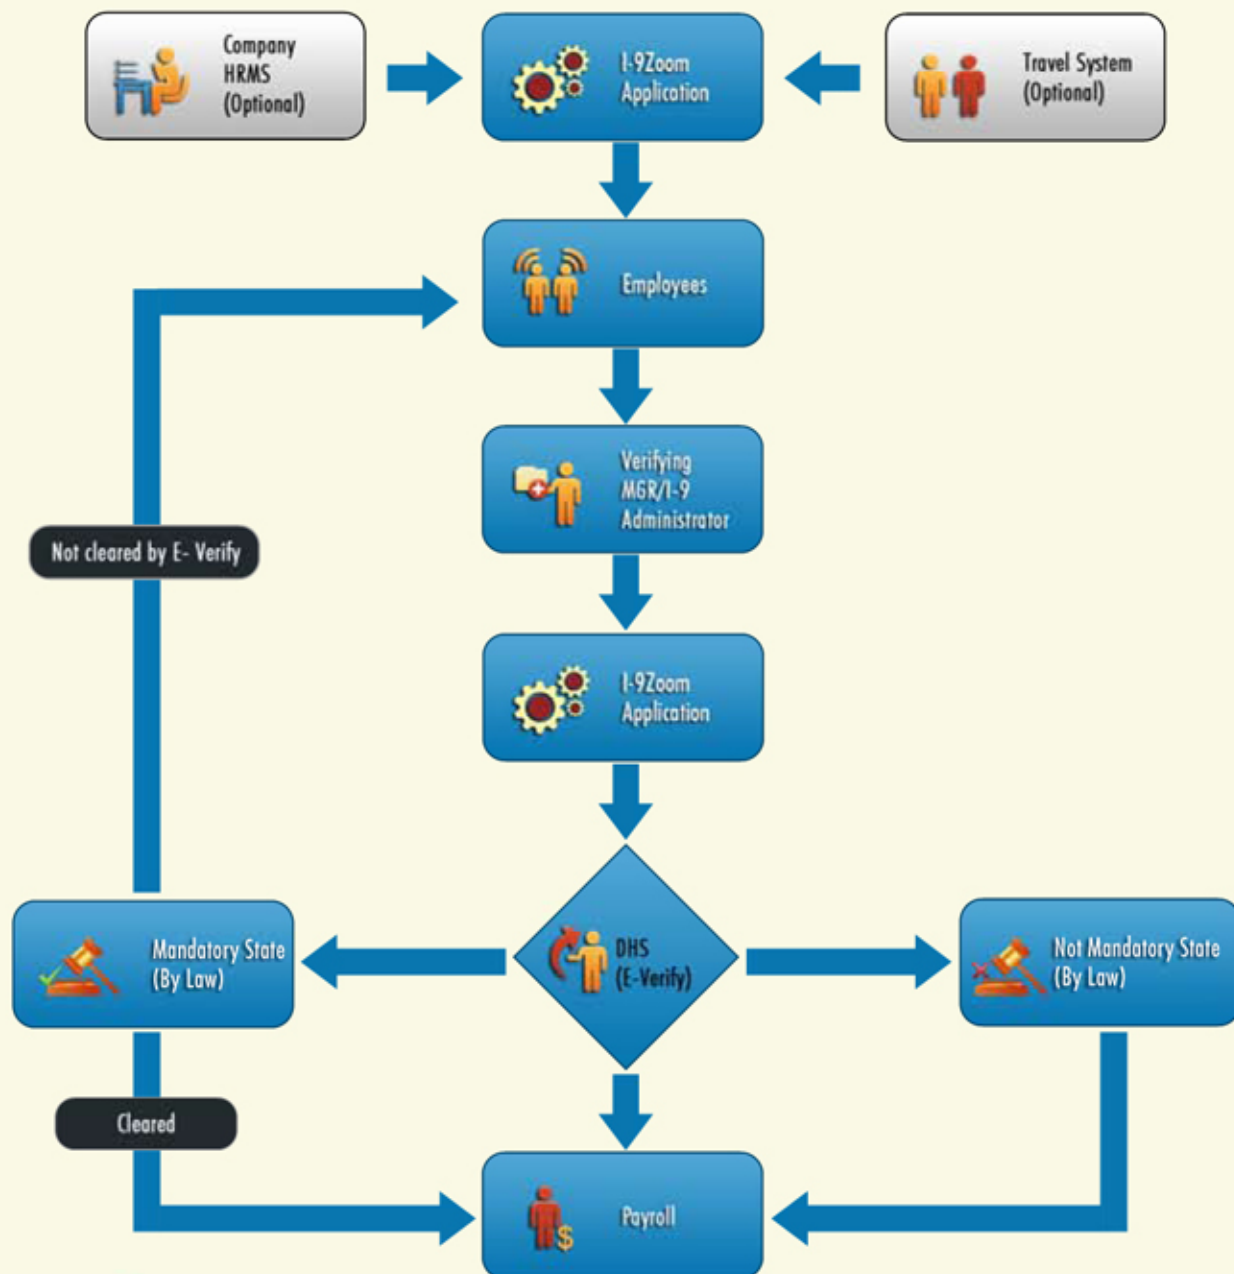

- + **DIGITAL STORAGE OF ALL I-9 DOCUMENTS**
Digitally store all I-9 forms and other verification documents in one location. Keeping a paper trail of all these documents is no longer necessary; I-9Zoom enables you to make the smooth and efficient transition to digital I-9 forms management.
- + **ELECTRONIC SIGNATURES**
Sign and store I-9 documents electronically through simple, digital processes that ensure full compliance with current and upcoming DHS and USCIS guidelines.
- + **AUTOMATIC EMAIL ALERTS**
Receive valuable reminders about compliance deadlines and be alerted to various aspects of the re-verification process, including deadlines and milestones.
- + **DETAILED AND CONCISE AUDIT REPORTS**
Use I-9Zoom's Audit Reports feature to generate a report of compliance information for defined time periods. I-9Zoom's software can enable an auditor to check forms for a particular month or year randomly and digitally, without being required to search through an entire set of forms.
- + **INTELLIGENT FORMS/DOCUMENTATION**
Receive alerts for errors made while completing and filing I-9 forms. Our intuitively designed forms and documentation system checks each detail of the process to ensure forms are filled in and filed correctly, that all necessary documents have been filed with each I-9 submission and that digital signatures are included, where needed.

Stay compliant with I-9Zoom

Tap into the latest technological solutions to ensure best practices for E-Verify authorization procedures. I-9Zoom is a cost-effective way to administer ongoing I-9 compliance and streamline your hiring, review, verification, enforcement, re-verification and document retention processes. This scalable, web-based solution flawlessly integrates with Homeland Security's E-Verify systems and ensures efficient, fully digital compliance for companies of all sizes.

Digitally store all I-9 forms and other E-Verify documents in one location. Verify documentation online with the Department of Homeland Security. Customize the various workflow processes of your E-Verify campaign with one central software solution. Integrate fully with your existing human resource software. Gain access to detailed audit reports effectively, efficiently and in real time. Ensure full compliance with an inbuilt system of layered alerts and reminders. Coordinate all aspects of I-9 compliance with I-9Zoom.

* Organization can decide to make E-verify mandatory across all the states.
